About MRITS

Malla Reddy Institute of Technology and Science (MRITS) has been established in the year 2005 under the dynamic leadership of Shri Ch. Malla Reddy garu. The institution is sponsored by Malla Reddy Educational Society. Shri Ch. Malla Reddy garu, our founder Chairman has been in the field of education industry for the last 26 years with an intention of spreading quality education among children at the school level. He established his first technical college in the year 2002 and over a span of 7 years he established more than 10 professional Institutions. Now he is the Minister of Labour and skill development of Telangana state, Honorable Member of the Legislative Assembly,Telangana state, and also former Member of Parliament (MP) for Malkajgiri Constituency which is in the jurisdiction of Hyderabad, Telangana State in the year 2014.

Our college has been approved by All India Council of Technical Education(AICTE), New Delhi, Accredited by NBA and NAAC, Recognized by UGC, New Delhi under 2(f) & 12(b) for receiving financial grants, Certified by ISO 9001:2015 and Permanently affiliated to Jawaharlal Nehru Technological University, Hyderabad.

About Department of Mathematics

Mathematics is the structural background of all Engineering subjects. Its applications in engineering explains how the abstract and intangible can be realized in the real world as concrete and practical. An update of mathematical methods is continuously required for the teacher to groom budding professionals in the engineering stream.

The Department of Engineering Mathematics is an integral part of Department of Humanities and Sciences in MRITS. The faculty of engineering mathematics actively participates in the innovative research and academic activities.

About this FDP

The aim of the FDP is to provide a platform for teachers and researchers who are involved in exploring and developing Mathematics and its techniques applicable in Engineering fields such as Civil, Mechanical, Electrical, Electronics, Computer Science, IT and Biotechnology.

A new subject titled Discrete Mathematics, has been introduced by JNTUH in R-18 syllabus for CSE ,IT branches in IInd year IInd semester. The topics and their applications are widely useful for all streams of Engineering especially in evolving technical areas viz. in Computer science and Engineering and Information Technology.

We strongly believe that this program is highly informative for Teachers and engineering students. The participants will earn new tips to develop clarity on concepts to further works in their concerned areas of Research and Development work.
